### RAINSAVER™ WATER BUTT

The Rainsaver™ Water Butt is a market-leading container for collecting rainwater to use in the garden.

The Rainsaver™ comes complete with a child-safe locking lid and a tap. Other accessories such as a rain diverter kit and a water butt stand are also available.

The Rainsaver™ Water Butt is the biggest selling water butt in the UK and is widely used around Europe.

Manufactured from 75% recycled plastic and guaranteed for 5 years.

Capacity (litres)	Diameter (mm)	Height (mm)
